

LAND IN CANADA AN INVESTMENT

WORK IT, AND SECURE 20 PER
CENT. ON THE EXPENDITURE.

Farm lands in Canada increased in value this Spring from fifteen to twenty per cent, and as a result of this increase thousands of those who have gone there within the past few years have had that much more value added to their holdings. There is proof here that as a field for investment there is nowhere to be found a more profitable one than in purchasing farm lands in Canada. And, as a field for occupation and working the farms there is nowhere on the continent where more satisfactory return is given. The crops are always sure and the prices are always good. With railroads entering and traversing all the settled parts, there are very few districts in which the farmer will be more than from ten to twelve miles from a railway station. Roads are good, and big loads are easily handled. The price of getting grain to the primary market is low on this account, and then in reaching the world's markets the railways have their rates controlled by the Government, and what may be considered a fair deal is certain. Good prices for all kinds of grain is the rule, and if the investor has made good money by the increased value given to his unworked land, it is not difficult to understand that the profit to the man who works his land is just that much more, and there will be no depreciation. The man who holds a free homestead of one hundred and sixty acres of land, which he got for \$10 an acre fee, has land which at its lowest estimate is worth \$10 an acre—yes, \$15 an acre—the moment he has completed his three years' residence duties. It will continue to increase in value until its earning power gives a reasonable interest on a certain sum. That is, if he takes off the land fifteen to twenty dollars per acre clear profit each year, his land is worth to him, at a fair rate of interest, \$200 an acre. If he only realizes \$10 an acre clear profit, it is worth \$100 per acre. Now, thousands of farmers are duplicating these figures. The price of land in Canada today is much less than its realizing value. The fact that the fifty thousand Americans who went to Canada year before last were followed by one hundred thousand last year offers some evidence, and good evidence, too, that there is getting to be a pretty fair knowledge that money is to be made in Canada lands. As an investment money is to be made, but more by living upon the land, secured either by homestead or purchase. The one hundred thousand of last year will be one hundred and fifty thousand this year. These comprise people from every state in the Union, and it is just being realized the asset that awaits the homeseeker in Canada. The large numbers that have gone, though, makes no appreciable difference in the supply of land. There is still left vast quantities of the best of it. But the longer a delay is made in arriving at a decision, the price will advance proportionately, and the more desirable homesteads near the railway lines become more difficult to secure. The Government publishes interesting literature, which may be had on application to any of the agents whose offices are located at different points through the States, and they (the agents) will be pleased to assist in any way possible in the choice of location.

A Practical Discourse.

One stormy day the children were amusing themselves indoors, playing church. "Now, Florence," said Theodore, "I'll be the minister and tell you what you must do, and you'll be the people, and you must listen and do what I tell you." Climbing up on a chair, he began his sermon "Florence, you must be a very good girl and do whatever your brother wants you to. If he wants your playthings, you must let him have them, and if you want any of his, you just let 'em alone."—Christian Herald.

Resinol Ointment is Used in Every Country of the World as the Best Remedy for Itching Piles.

I was terribly annoyed with Itching Piles for twenty-five years. I found such great relief with the first application of Resinol Ointment that in future I would not think of being without it. An occasional application is all that is necessary. Christopher Holmes, Brookline, Mass.

The Kid and the Goat.

"Where are you going with that goat, little boy?"

"Down to the lake. Come along if you want to see some fun. This here goat has just ate a crate of sponges and I'm goin' down an' let him drink!"

Apology.

"You have broken your word to me!" said the belle, bitterly. "Yes," replied Baron Pucask; "being a foreigner I can't help using a certain amount of broken English."

HAMILTON WINS \$10,000 PRIZE

He Flew From New York to Philadelphia and Back 176 Miles at 54.96 Miles an Hour.

New York, N. Y.—Charles K. Hamilton, the trail looking boyish master of the air, accomplished the feat of sailing in his biplane from New York to Philadelphia and return winning thereby a \$10,000 prize offered by the New York Times and the Philadelphia Public Ledger.

He rose from the ground at Governors Island at 7:35 a. m. and, beating by several minutes special train that raced on the Pennsylvania tracks below him, reached Philadelphia at 9:26.

Taking to the air again at 11:30, he flew at record speed as far as South Amboy, N. J., where at 12:45 p. m., because of engine trouble, he chose to descend. There he suffered the further misfortune of breaking his propeller, but he repaired it, arose from a seemingly impossible location at 6:20 and at 6:39 again touched the sands of Governors Island.

His outbound trip consumed one hour and 51 minutes; his return trip one hour and 36 minutes of actual flying. His estimated average speed was 54.96 miles an hour, the air line distance between the two cities being 88 miles.

OKLAHOMA CITY CLAIMS VICTORY

Capital Removal Plan Carried and Gov. Haskell and State Officers. There.

Oklahoma City, Oklahoma.—With few exceptions all late official election returns received by the Oklahoma City capital committee have increased the majority for the bill and Oklahoma City. Sidney Brock, president of the chamber of commerce, who has been in touch with about every source of information, places the majority for the bill at 10,000. The Daily Oklahoman's latest estimate is 45,000. This estimate is based on returns nearly complete, received from 72 of the 76 counties.

Gov. Haskell and his secretary came here from Tulsa on a special train. Several other state officers, including the secretary of state, William Cross, are here and it is rumored already that Oklahoma City has been made the seat of government.

HE WENT HIGHER THAN PAULHAN

At Indianapolis Brookins Scores 4,384 Feet Which Breaks all Records.

Indianapolis, Indiana.—Flying to a height of 4,384 feet, Walter Brookins in a Wright biplane, broke the world's aeroplane record for altitude in the closing event in the national aviation meet at the Indianapolis Speedway.

Brookins' achievement followed exhibition flights by several of the pupils of Orville and Wilbur Wright.

Brookins' high flight in which he took the record from Louis Paulhan, who at Los Angeles rose to 4,165 feet also was a speed triumph.

NO MONEY FOR UNCLE JOE'S CAR

The House Continues to Insist That the Speaker Shays Pay His Own Expenses.

Washington, D. C.—Without debate the house voted further to insist upon its disagreement to the senate amendments to the legislative, executive and judicial bill making appropriations for the expenses of automobiles for the vice-president and the speaker of the house. All other portions of the conference report were agreed to and the conferees again will endeavor to come to some understanding upon the provisions for automobiles.

SUGAR TRUST MEN INDICTED

Holke Secretary and Gerbracht Both Declared to Be Guilty by New York Jury.

New York, N. Y.—Charles R. Holke, secretary of the sugar trust, and Ernest W. Gerbracht, secretary of the Williamsburg refinery, were found guilty in the federal court of conspiring to defraud the government out of millions in sugar duties. The jury disagreed as to James F. Bender-nagel, cashier of the refinery, on trial with them, and after his second inconclusive ordeal, that official, in all likelihood will go free.

Orders 85 Locomotives.

New York, N. Y.—The Harriman lines have ordered new locomotive equipment to cost \$1,125,000. This order, which calls for the building of 85 passenger locomotives of the most powerful type, has been obtained by the Baldwin Locomotive company of Philadelphia.

AT A CRITICAL PERIOD

Of Peculiar Interest to Women.

Mrs. Mary I. Remington, Elginberry St., Gilroy, Cal., says: "I suffered so severely from pain and soreness over the kidneys that it was a task for me to turn over in bed.

My kidneys acted very frequently, but the secretions were retarded and the passages scalded. I was weak and run down. After taking other remedies without benefit, I began using Doan's Kidney Pills and was permanently cured. I was going through the critical period of a woman's life at that time and after using Doan's Kidney Pills there was a miraculous change for the better in my health."

"I have been at the top of Pike's Peak, which is more than 14,000 feet above sea level. What was the greatest height you ever reached?"

"I don't know just what the altitude was, but it must have been much greater than that which you mention. I made the ascent shortly after I had stepped with my bare feet on a bumble bees' nest."

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most precious possession—your health—may be your life itself. See that you get what you need for.

ON HIS FIRST SOCIAL CALL

Mr. Makinbrakes Succeeds in Distinguishing Himself in His Justly Celebrated Way.

Mr. Makinbrakes was expressing his gratification that a respectable family had moved into the house next to his.

"You may not like it at first, Mr. Newcome," he said, "for our street has kind o' run down, and nobody that amounts to a pinch of snuff ever comes here to live any more—that is—I mean, that's the way they talk about our street, but it isn't exactly true, for we have had sometimes just as good citizens as you'll find anywhere; the family that occupied that house you've just moved into were exceptionally nice people, and we were sorry to see them move away, because you never can tell what kind of—people will come next, you know—might be the cheapest kind of skates, you see—I'm not speaking of anybody personally, or, rather I am—for one is likely to be polite to—h'm!—perfect strangers, and—encourage them to borrow things when you—by the way, Mr. Newcome, do you think the Cubs stand any chance of winning the championship this year?"

Invariably.

"When I looked over my mail," said one young author, "there was nothing in it excepting bills or rejected manuscripts."

"I know," replied the other, "it's always either something due or nothing doing."

NOTHING TO WORRY ABOUT

Complacent Smoker Had No Use for the Bands, so What Was the Difference.

There were four of them on the rear platform of a car, thrown together, so to speak, by a rough track. All were smoking. An odor, not of cigars, detracted somewhat from interest in the general conversation.

The odor became pronounced. One of the quartette cast about for a reason. He saw one of his companions complacently smoking a cigar that had burned down past the flaring red band that girdled it. There remained no question of the source of the odor.

"Excuse me," the discoverer said to the complacent one, "your cigar band is burning."

"That's all right, old man," the complacent one replied, "I'm not saving them."

Docile Cheese.

Andrew Carnegie, while eating with appetite and courage last month the dishes cooked by the young girls of the Margaret Morrison school in Pittsburgh, said:

"I have no fear before these experimental dishes. He who has eaten in France learns to eat boldly.

"Think of the French cheeses alone! Why, one afternoon in a restaurant in the Boulevard des Italiens, I heard a guest shout angrily:

"Walter, look here, this cheese is walking all over the table."

"Ah, have no fear, monsieur. It won't escape," the waiter replied. "If it goes too far, just call 'Jules, Jules!' It always answers to its name."

Our tears are round to remind us that God loves the whole world.

WESTERN CANADA

Senator Dolliver, of Iowa, says:

"The stream of emigrants from the United States to Canada will continue."

Senator Dolliver recently paid a visit to Western Canada, and says "There is a land hunger in the hearts of English speaking people that will account for the removal of so many Iowa farmers to Canada. Our people are pleased with its Government and the excellent administration of law, and they are coming to you in tens of thousands, and they are still coming."

Iowa contributed largely to the 70,000 American farmers who made Canada their home during 1909. Field crop returns alone during year added to the wealth of the country upwards of \$170,000,000.00.

Grain growing, mixed farming, cattle raising and dairying are all profitable. Free homesteads of 160 acres are to be had in the very best districts, 160 acre pre-emption at \$3.00 per acre within certain areas. Schools and churches in every settlement, climate unexcelled, soil the richest, wood, water and building material plentiful.
